

STUDENT SHEET 5a: WORLD OCEANS MAP

The map shows five callout points:

- 1:** The Atlantic Ocean, located between North and South America and Europe and Africa.
- 2:** The Indian Ocean, located between Africa, Asia, and Australia.
- 3:** The Pacific Ocean, located between the Americas and Asia/Australia.
- 4:** The Arctic Ocean, located at the North Pole.
- 5:** The Southern Ocean, located around Antarctica.

Each callout point is connected to a text box with the following structure:

Name: _____

Description: _____
